

# RAG from scratch: Overview

Lance Martin  
Software Engineer, LangChain  
[@RLanceMartin](https://twitter.com/RLanceMartin)

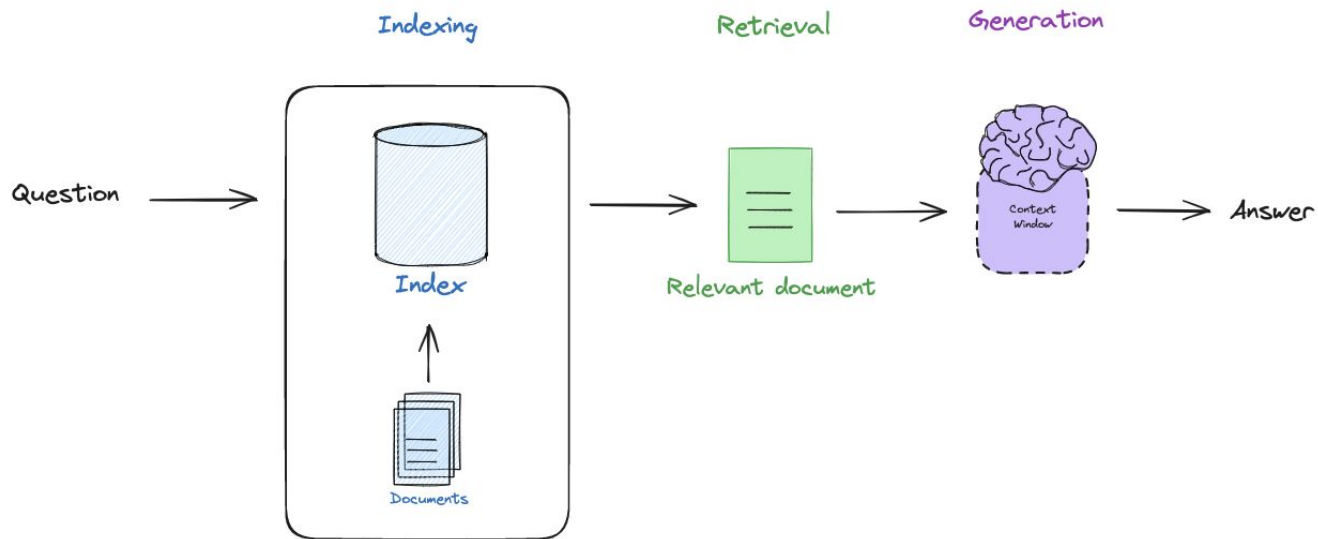

## LLMs haven't seen **your** data

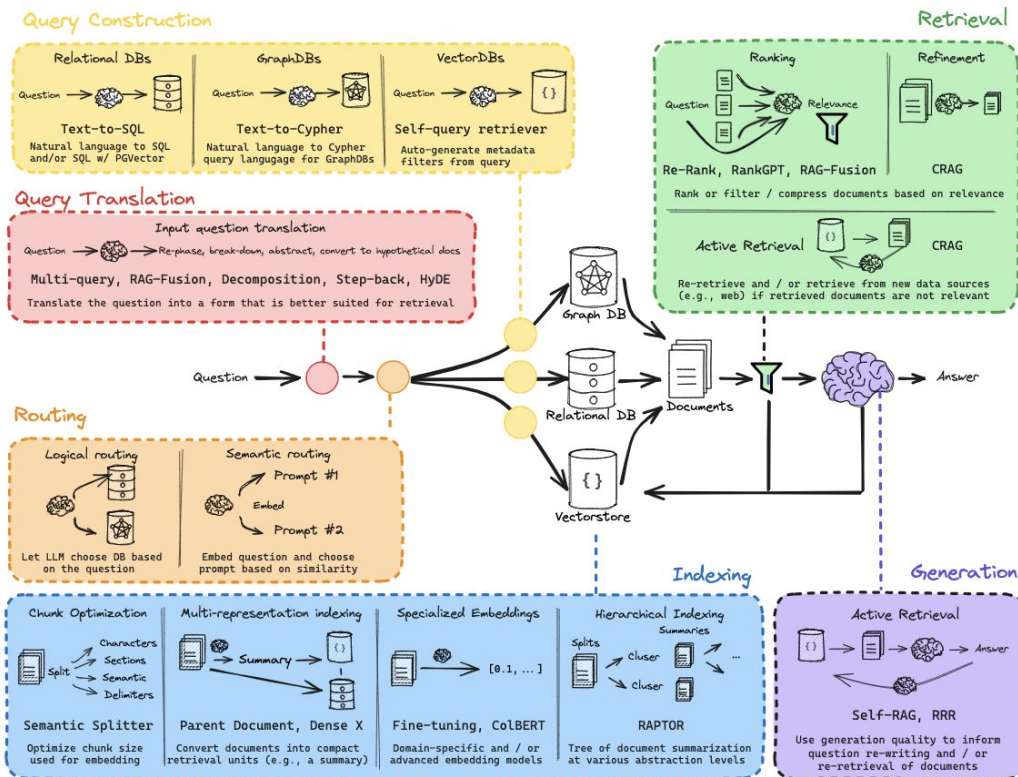

## Connecting LLMs to external data is a central need

# Retrieval Augmented Generation

# We'll start from scratch, and build up to state of the art in RAG

## Outline

### Basics

- Indexing
- Retrieval
- Generation

### Advanced

- Query transformations
- Routing
- Query construction
- Indexing
- Retrieval
- Generation

## Code walk-through
